

The Women's Fund of Warren County

The Warren County Foundation is establishing The Women's Fund of Warren County. The overall goal is to involve Warren County women in philanthropy to benefit the County and to improve the quality of life for adults and children across the County. The plan includes engaging women in both the giving and the decision-making process for support of Warren County non-profits through Impact Grants. Due to busy schedules and limited time availability, one to four event(s) will be scheduled per year to discuss issues, decision-making on funding, and social engagement.

A recent survey to nearly 500 women in Warren County provided valuable results:

- **96% said that a Women's Fund would improve Quality of Life.**
- **90% said they would participate in The Women's Fund of Warren County.**

Now is the time to act!! Complete the form on the back of this card and mail the form with your check to the Warren County Foundation or go to our website at www.warrencountyfoundation.org, click on the Donate link and follow the steps.
